

Hiring For Kids Ministry Director & Nursery for the Fall www.neighbourschurch.com or 613-878-9681

We are an inter-cultural and multi-generational church plant whose mission is to take one step closer to Jesus and Neighbours every day. When we think about the future of Neighbours Church, we picture a church that is striving to look like heaven. We want to be a people who live out the values we believe Jesus said heaven will look like; even if our church is flawed, very human, and not quite a perfect picture of heaven for now. We believe Jesus is calling us to live the lives today, that we want to live with Him for all eternity. At Neighbours Church our goal is help children thrive in life by discovering a relationship with Jesus, modeling His teachings, and making Him known to others.

Discover a relationship with Jesus: not just to know about Him, but to discover what it means to walk with Him in a healthy vibrant relationship. Trusting Him and the life principles He taught us to live by, talking with Him, learning how to accept His love and grace, and how to respond with a life of worship.

Modeling His teaching: it is not enough to know the Bible, we must learn to apply it to our everyday lives, even at a young age, and to discover that when we submit to the principles within, the choices we make lead to more vibrant opportunities in the future.

Making Him Known to Others: anything we love in life, anything we enjoy, anything we have benefited from, we usually want to share with others for their benefit. Our relationship with Jesus is no different; sharing how we've benefited from our relationship with Jesus in everyday life only helps others to enjoy what we ourselves have benefited from.
